Our plan for the coming year is to send love to children in poor families. The first part of this plan is to collect used clothes—shirts, pants, coats, and even school uniforms. If you have too many of these in your home, why not let us have them? What you don't need can be wonderful gifts to these poor children.

All clothes must be washed and cleaned. You can bring them to our office any day before April, or our workers can pick them up at your home if you give us a call first.

Readers' Words

There are many fights in this thick book that you would see in a good action movie. In fact, the book has been made into a movie, but I'm just not interested. How would I enjoy the movie when the book didn't touch my heart at all?

I don't mind reading about bad guys in a story. In fact, I don't enjoy a book that has only good people who never do anything wrong, because it's just not real life. But Lyle Heaton goes too far this time. I've read Heaton's other books, and he is very good at writing about bad guys, but what is he trying to tell us by letting the bad guys in this book win everything in the end?

Besides, you always have to guess who the "I" in the book is. Heaton changes it so often that sometimes you just don't know who is speaking.

You might feel a lot of things when you read *Purple Star*, but believe me, joy wouldn't be one of them.

(Alex)

23. What does Alex tell people about *Purple Star*?
- (A) They might have a difficult time when they read it.
 (B) They would enjoy it more if they read it a second time.
 (C) They must read Heaton's other books before they read this one.
 (D) They would not find any other books that are as good as this one.
24. What does Alex mean when he says Lyle Heaton goes too far this time?
- (A) There are too many fights in *Purple Star*.
 (B) Heaton keeps changing who the "I" is in *Purple Star*.
 (C) The bad guys win everything at the end of *Purple Star*.
 (D) The good people in *Purple Star* never do anything wrong.
25. What can we learn about Alex from the reading?
- (A) He does not like to read thick books.
 (B) He seldom watches movies that are made from books.
 (C) He thinks a story without bad guys in it is not like real life.
 (D) He has decided to watch the movie made about *Purple Star*.

Do you hate bees flying around when you're having a picnic? Perhaps you'll think again after you hear this: Bees play an important part in feeding the world—without the help of bees, we might lose as much as 90% of our food. And now here's some bad news: Our little helpers are dying. In Europe and North America, the number of bees has dropped sharply. The UK, for example, reported a worrying 54% drop over the last 20 years.

It's hard to tell why bees are dying. Some believe it's because winters are getting too cold for them. Some think Varroa Destructor is the culprit. This very small kind of bug lives on bees and slowly kills them. Others feel we are in the wrong. When we turn more land into houses, more plants die. This means bees will not be able to find enough food. There may be a lot of guesses about it, but what's more important is to find an answer soon. If we don't take action, we'll all "bee" sorry.

26. What is NOT talked about in the reading?
 - (A) How we can save bees.
 - (B) Why bees are important to us.
 - (C) Why bees have become fewer than before.
 - (D) How much the number of bees has dropped in the UK.
27. What can we learn about bees from the reading?
 - (A) They often move down south in the winter.
 - (B) There could be a 54% drop in our food without their help.
 - (C) They need to fight the Varroa Destructor to get enough food.
 - (D) The lives of bees may be harder because of people's need for land.
28. What does it mean when someone is a culprit?
 - (A) They try to fix something bad.
 - (B) They make something bad happen.
 - (C) They are hurt by something bad.
 - (D) They run away from something bad.

Colorful goes on sale, starting from March 7th

Ted Morrison, a blind singer, touched many hearts with *Simple Mind*, his best-selling album. His music is popular at home and abroad and is often used in movies. His new work, *Colorful*, is as great as ever. Here are four songs from the new album that mean the most to him.

▶▶ **Let the Light Shine**

This song is about Ted's father—he is always there and gives Ted hope in difficult times. Just like how Ted's father makes him feel, this song can warm your heart.

▶▶ **River**

Ted wrote this song to remember his mother. His mother's face is what he misses the most since he lost his sight. This is the first time Ted plays the piano on an album.

▶▶ **Winter Snow**

The idea of this song comes from Christmas holidays Ted spent with his grandparents when he was little. They are long gone but he wants to remember those days with the song.

▶▶ **Across the Sea**

Just like *New Land* on *Simple Mind*, Ted's wife joins him in this song. She wrote it to celebrate their love for each other.

* Buy two CDs and save 10%! Until March 20th.

* \$5 from each sale will be given to the School for the Blind.

The Chinese say, “If you’re bitten by a snake once, you’ll be scared by a rope for ten years.” I have my own experience of this.

It 38 one night. I was cooking dinner, and at that moment, I really needed to go to the bathroom. Without turning the gas off, I quickly went to the bathroom. When I finished, I couldn’t open the door. “I can’t get out!” I shouted. I became worried that I 39 in a fire!

“No!” I kicked the door hard but it didn’t move an inch. I turned around and saw hope. I hurried over to the window and pushed it really hard. 40. I just couldn’t open it. I would have to break it. I started hitting it with the hardest thing I could find—a trash can.

With a loud “BANG,” the window broke. “I’m safe!” I took in the fresh air happily. 41, the cold wind woke me from my joy. I was on the tenth floor and there was no way to get down! I kept shouting for help. Luckily, someone heard me and called 119.

Since then, I’ve never closed the door when I use my bathroom.
